Bei Mehrfachbestellung werden die Versandkosten anteilig erstattet. - While Adobe Photoshop has long been their choice for editing digital photographs, many photographers want a more focused tool. That's where Adobe Photoshop Lightroom comes in. Designed from the ground up with digital photographers in mind, Photoshop Lightroom offers powerful editing features in a streamlined interface that lets photographers import, sort, and organize images. This completely updated and expanded bestseller, *The Adobe Photoshop Lightroom 2 Book*, was also written with photographers in mind. Author Martin Evening describes features in Photoshop Lightroom 2 in detail from a photographers perspective. As an established commercial and fashion photographer, Martin knows first-hand what photographers need for an efficient workflow. He has also been working with Lightroom from the beginning, monitoring the products development and providing feedback on the public beta. As a result, Martin knows the software inside and out, from image selection to image editing to image management. 601 pp. Englisch.
