The Solar Engineering Guide to Skin Tanning Sun Avoidance

By Michael Hrabczuk

Mike Hrabczuk, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. Don't let the name of the book fool you it's not a text book, we won't be getting into any engineering calculations, and the goal of the book is to describe in very simple laymen's terms the nature of solar energy, solar geometry and our existence within the universe, using skin tanning and sun avoidance as a metaphor, no rocket science here. The purpose of this book is to entertain, educate and share knowledge, which hopefully will provide you with a learning experience and aid your understanding of our physical world as well as opening avenues for you to contemplate your human existence as well as your philosophical, cultural, evolutionary, and spiritual beliefs. You will be provided with simple examples, analogies, and other anecdotes to aid your understanding and provide you with some level of entertainment value while you contemplate your human desire to either seek sun worship or sun avoidance. Hopefully you might learn something or at least enhance and expand your useless knowledge library. The book is based on facts and...

Reviews

This publication may be really worth a go through, and a lot better than other. It really is written in simple terms and never difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.
 -- Natalie Abbott

This book will not be simple to get going on reading but extremely exciting to read through. Yes, it can be playful, still an interesting and amazing literature. I am very easily could possibly get a delight of reading a written book.
 -- Rene Olson
