THE ARGENTINA READER: HISTORY, CULTURE AND SOCIETY

[DOWNLOAD](#)

Duke University Press. Paperback. Book Condition: New. Paperback. 600 pages. Dimensions: 9.2in. x 6.1in. x 1.6in. Excessively European, refreshingly European, not as European as it looks, struggling to overcome a delusion that it is European. Argentinian in all its complexity has often been obscured by variations of the like Europe and not like the rest of Latin America clich. The Argentina Reader deliberately breaks from that viewpoint. This essential introduction to Argentinas history, culture, and society provides a richer, more comprehensive look at one of the most paradoxical of Latin American nations: a nation that used to be among the richest in the world, with the largest middle class in Latin America, yet one that entered the twenty-first century with its economy in shambles and its citizenry seething with frustration. This diverse collection brings together songs, articles, comic strips, scholarly essays, poems, and short stories. Most pieces are by Argentines. More than forty of the texts have never before appeared in English. The Argentina Reader contains photographs from Argentinas National Archives and images of artwork by some of the countrys most talented painters and sculptors. Many selections deal with the history of indigenous Argentines, workers, women, blacks, and other groups often ignored in descriptions of the country. At the same time, the book includes excerpts by or about such major political figures as Jos de San Martn and Juan Pern. Pieces from literary and social figures virtually unknown in the United States appear alongside those by more well-known writers such as Jorge Luis Borges, Ricardo Piglia, and Julio Cortzar. The Argentina Reader covers the Spanish colonial regime; the years of nation building following Argentinas independence from Spain in 1810; and the sweeping progress of economic growth and cultural change that made Argentina, by the turn of the twentieth century, the most modern country...
