Excerpt: . CHAPTER VII The Machine Industry The era of the machine industry has been designated variously, to answer to the varying point of view from which it has been considered by divers writers. As an historical era it shows divers traits, more or less characteristic, and it has been designated by one or another of these traits according to the particular line of interest that may have directed the attention of those who have had occasion to name it. It is spoken of as the era of the factory system, of large-scale industry, as the age of Capitalism or of free competition, or again as an era of the credit economy. But as seen from the point of view of technology, and more specifically from that of workmanship as it underlies the technological system, it is best characterised as the era of the machine...
