STATISTICAL LANGUAGE MODELS FOR INFORMATION RETRIEVAL

Morgan & Claypool. Paperback. Book Condition: New. Paperback. 142 pages. Dimensions: 9.1in. x 7.5in. x 0.7in.As online information grows dramatically, search engines such as Google are playing a more and more important role in our lives. Critical to all search engines is the problem of designing an effective retrieval model that can rank documents accurately for a given query. This has been a central research problem in information retrieval for several decades. In the past ten years, a new generation...

Reviews

This book is indeed gripping and exciting. it had been writtern really perfectly and useful. Its been written in an remarkably basic way and is particularly only following i finished reading through this ebook through which in fact changed me, affect the way i think.
-- Royce Heathcote

Great e book and useful one. Of course, it really is engage in, continue to an amazing and interesting literature. You wont sense monotony at anytime of your time (that's what catalogues are for regarding if you request me).
-- Prof. Flavie Moore Jr.

This sort of book is almost everything and made me seeking ahead of time plus more. It is actually rally intriguing throgh reading time period. You can expect to like how the author publish this publication.
-- Mrs. Ozella Nitzsche
