Createspace, United States, 2009. Paperback. Book Condition: New. Lab Manual. 241 x 188 mm. Language: English . Brand New Book ***** Print on Demand *****.This is a companion volume to Linux Program Development, a guide with exercises, by Jerry Cooperstein, pub. 2009. While the solutions to the exercises in that volume can be obtained from // requests for printed copies of the solutions have been encountered. There is no exposition here, only the statement of the exercises and then the actual code and necessary scripts. Linux Program Development is designed to bring experienced programmers up to speed quickly in a Linux environment. You will learn the tools and methods for developing C programs and doing systems programming under Linux, The purpose is to get you into coding as quickly as possible. Each section has exercises, most of which involve writing code, designed to help you gain familiarity with programming for the Linux environment. Upon mastering this material, you will have the necessary tools to develop advanced applications on a Linux system.
