

Exploring the Yogasutra: Philosophy and Translation

By Daniel Raveh

Continuum Publishing Corporation, United States, 2012. Paperback. Book Condition: New. annotated edition. 234 x 156 mm. Language: English . Brand New Book ***** Print on Demand *****. Patanjali's Yogasutra is an ancient canonic Indian text composed in Sanskrit in the 3rd or 4th century. Belonging to a very different cultural milieu, this multi-layered text is philosophical, psychological and practical in nature. Offering a philosophical reading of Patanjali's Yogasutra, this book discusses themes such as freedom, self-identity, time and transcendence, and translation - between languages, cultures and eras. Drawing substantially upon contemporary Indian materials, it discusses for the first time classical yoga as reflected upon by Daya Krishna (1924-2007) with constant reference to Krishna Chandra Bhattacharyya's (1875-1949) studies in yoga philosophy. The genuine attempt on behalf of these two original thinkers to engage philosophically with Patanjali-yoga sets the tone of the textual exploration provided here. This book features a new annotated translation of the Yogasutra, and the author provides a useful background to the extensive Samkhya terminology employed by Patanjali. Daniel Raveh also offers a close reflection of a very act of translation, and the book concludes with suggestions for further reading and a glossary of central notions.

Reviews

This written publication is wonderful. It really is loaded with knowledge and wisdom. You will not really feel monotony at any time of your time (that's what catalogues are for relating to if you ask me).

-- Desmond Becker

Absolutely essential go through publication. I am quite late in start reading this one, but better then never. You will not feel monotony at any time of the time (that's what catalogues are for regarding if you ask me).

-- Ambrose Thompson II
